## RMV What's New 2024

- **RTA Acceptance Requirements – 8/24**

2. Must ensure that all information on the RTA matches the information on the Certificate of Title or Certificate of Origin. If any information does not match, the RTA is not acceptable, and a new application is required.
3. Must no, under any circumstances, complete or edit any field on the RTA on behalf of the applicant. Employees (RMV) may ask the applicant to complete any missing information.

## RMV What's New 2024

- **RTA Acceptance Requirements – 8/24**

- **NOTE:**

- If it is a runner, it should be the decision of the runner and the submitting business partner whether they add in missing information to complete an RTA. That is acceptable, as long as it is not the employee completing it.
- If an RTA is typed and then handwritten to include a second owner, it should not be accepted.

## RMV What's New 2024

- **RTA Acceptance Requirements – 8/24**
- **Handwritten Fields**

- **RTA Acceptance Requirements – 8/24**
- **Scanned or Faxed Copies of the RTA**
- During Covid, the RMV amended the proof of insurance policy with the understanding that insurance companies and agents may select to work remotely or stop in-person visits to their offices. This policy change has been extended indefinitely.

In this case, both the dealer completed, and insurance completed RTAs will need to be submitted as part of the transaction.

## RMV What's New 2024
